## Date of Birth

04/23/2003

## Languages

English - First Language

## Accolades

9th place in the international 24 HOURS Animation Contest for Students (2025).

## EDUCATION

### Denver School of the Arts; Denver, CO — High School Diploma, 2021

I am a seven-year Senior of DSA, having auditioned for the Creative Writing program in 6th Grade. After a competitive process, I was selected as one of 11 students (out 500+ that applied) to join the program, and remained there for six more years. I graduated with an Arts Endorsed diploma.

### ARTFX; Lille, France — 2021 - 2022

Directly after high school, I studied visual arts in France for a year. Under professional tutelage of industry professionals, I elevated my skills in several artistic fields, including painting, sculpting, and animation.

### Savannah College of Art and Design; Savannah, GA — 2023 - Present

I currently attend SCAD and am in pursuit of an Animation degree, with a Story & Concept concentration.

## WORK EXPERIENCE

### Games Team Member, Elitch Gardens; Denver, CO — Early to late 2021

For the majority of 2021, I worked full-time at Elitch Gardens. I ran various games, responded to customer concerns, and handled cash/ prize distribution. I won many management-awarded prizes for my work ethic.

### Head Food Runner/ Expo, Little Ollie's; Denver, CO — 2022 - 2023

After my year abroad, I secured a food-running job at a restaurant. I memorized the menu, ran dishes to and from tables, and successfully managed a team of three food runners as we brought out orders to parties of varying sizes.

### Kennel Tech, Rocky Mountain Pet Resort; Yampa, CO — 2025 - 2026

During SCAD's holiday breaks, I worked full-time at a local dog kennel. Some of my responsibilities included deep cleaning the kennels each morning, leading canine enrichment time, and feeding the animals twice a day. I happily worked through every holiday, because animal care is a 24/7 commitment.

## SKILLS

Writing/ Editing; Illustration (Procreate); Animation; Experience with Adobe Suite, Google Suite, Final Draft, and ToonBoom (Harmony & Storyboard Pro)); Quick learner; Determination/ Resilience; Teamwork (Team Member & Leadership Roles)
